

now 27 years of age, he cannot under any circumstances leave prison bars behind him until he is at least 70 years old.

Doane took his sentence sullenly, and when led away muttered curses against the court and his captors. From his present temper it is doubtful if he makes any special attempt to secure a commutation of his sentence by good behavior.

JUDGE ABBOTT TAKES THE McCLURE APPLICATION UNDER ADVISEMENT

Yesterday afternoon Judge Abbott in chambers listened to the arguments on the application for a change of venue in the case of Emilio McClure, charged with the murder of two men, Sanchez and Baca, which occurred at Cabezon Crossing last June. Judge W. C. Heacock and W. B. Childers appeared for McClure, and they set up the fact that as the murdered men had no many relations in this county a fair trial was an impossibility. Judge Heacock also stated that the daily newspapers of the city had repeatedly said he was guilty beyond doubt, several witnesses were examined, and at the close of the hearing the judge took the matter under advisement.

HEARING OF PHEASANT SLAYER POSTPONED IN THE JUSTICE COURT

G. Toli, who is under arrest, charged with having violated the game laws of New Mexico, was to have been given a hearing yesterday in the court of Justice Crawford, but owing to sickness in his family the hearing was postponed.

Toli, while up the river hunting the first of the month, shot a pheasant, brought the bird to this city and left it at the taxidermist's to be mounted. A local sportsman happened into the store, saw the pheasant and thereupon notified others. The arrest of Toli resulted.

The pheasant in New Mexico is under the most rigid protection. What few there are in the valley were shipped here in coops and cost upward of \$500. They were turned loose and for years have been guarded in the most careful manner by the sportsmen. The shooting of one of the finest specimens of the little flock has caused considerable indignation.

PROMINENT FOLLOWER OF ELLIOTT DOWIE DEAD

Legal Adviser Burris of Prophet Pass, Denver, Colo., Nov. 29.—Word has just been received here of the death at Zion City, Ill., headquarters of the Dowie settlement of William Monroe Burris, who previously to his becoming a follower of Alexander Dowie, was prominent in Colorado as a lawyer and later as a mining promoter.

Burris went to Cripple Creek in 1893 and became a leading member of the bar of that city. He, in the course of time, acquired a bond and lease on the Little May property, which he later sold for \$200,000. The property is now a part of the El Paso group. Burris then attached himself to W. S. Stratton, an attorney and acted in a professional capacity for Stratton until he left Colorado for Zion City. Burris at once became the legal adviser of Dowie and accompanied him to Mexico to assist in the founding of the Dowie colony near Monterrey.

It was there that Burris developed a fever that resulted in his death. Tenderly watched over by his wife, Burris was taken back to Zion City where he died about a week ago.

Burris was born in Washington county, Missouri, in 1850, and leaves a widow and one son, who will inherit his estate, which is said to be valuable.

Warden Alleges Conspiracy. San Francisco, Cal., Nov. 29.—Warden J. W. Tompkins of San Quentin prison declared in an interview yesterday that there was a conspiracy between Clerk J. M. Oliver and James Russell, captain of the guard, to oust him from office. He says they are angry at him because he at times overrules the work and does not like this interference. He says he has made enemies because he has personally tried to supervise every department of the prison, as he believed it the warden's duty to know what was going on in an institution of which he is the head.

NEW YORK BRIDGE WORKERS RESORT TO VIOLENCE

Drop Ten-Ton Derrick on New Building of Tin Can Concern.

New York, Nov. 29.—A serious phase was introduced into the threatened strike of 16,000 members of the Bridge and Structural Iron Workers and Housewrights Union today. The police began an investigation of the fall of a ten-ton derrick which greatly damaged the American Tin Can Co.'s new building in West Fourteenth street. They say that violence was resorted to and that the guy ropes supporting the derrick were cut. Union men say that it fell through the carelessness of nonunion iron workers.

So tense has the situation become that M. F. Ryan of Cleveland, president of the union, announced that he had decided not to return home to spend Thanksgiving.

Thanksgiving Service in Spanish. There will be Thanksgiving services in Spanish today at 2:30 in Lead Avenue Methodist Episcopal church. The English and Spanish-speaking people are all invited. There will probably be room for all. Rev. Thos. Harrison, D. D., will preach the sermon. T. M. Harrison, pastor.

Shot and Robbed. Dallas, Texas, Nov. 29.—A telephone message to the sheriff's office tonight states that a cotton dealer returning from Dallas was held up nine miles north of the city by two highwaymen, who shot and badly wounded him, robbed him of all his money and fled. No other details are furnished. Sheriff Ledbetter and deputies have started for the place of the robbery.

TODAY DEVOTED TO GRATITUDE AND THE TURKEY

ALBUQUERQUE PREPARES TO GIVE PROPER THANKS

Enjoyable Thanksgiving Union Service Arranged for This Morning at Elks' Opera House.

In accordance with time honored custom and the annual proclamation by President Roosevelt and the governor of the territory, Miguel A. Otero, today will be observed throughout New Mexico as a day of Thanksgiving and a holiday. The day will be devoted to gratitude and turkey and cranberries and pumpkin pie. Albuquerque, as elsewhere and all the stores will close for a half day in honor of the occasion.

No annual festival has taken stronger hold upon the people of this country than this day of Thanksgiving. It is unique in its nature. The Thanksgiving feast has come to be looked upon as a distinct event, not only in the life of the small boy, but of the boy of larger growth.

Local merchants report that the turkey trade has been exceptionally brisk this Thanksgiving season and the appetizing accessories of the piece de resistance have been sold in large quantities. The charitable societies have made preparations to dispense the noble bird to those who are unable to pay the price of a turkey and everyone will have a chance to give thanks in greater or less degree.

This morning at the Elks' opera house will be held an enjoyable service of Thanksgiving in which all the churches of the city will unite. A good musical program has been arranged in connection and it is expected that the service will be attended by a large congregation. Prominent citizens will take part as well as the various ministers of the city and the meeting will be one well worth attending. The program as printed yesterday begins promptly at half past ten o'clock.

"Better be half an hour too soon than half a minute too late," so saith Mr. Mogridge, so say all of us when it comes to being in your seats at 8:30 Friday evening, December 1.

ONE OF DR. CUPID'S PRESCRIPTIONS.

That Love sometimes cures disease is a fact that has recently been called to the attention of the public by a prominent physician and college professor. In some nervous diseases of women, such as hysteria, this physician gives instances where women were put in a pleasant frame of mind, were made happy by falling in love, and in consequence were cured of their nervous troubles—the weak, nervous system, tired and overworked, the little Dr. Cupid—became strong and vigorous, almost without their knowledge. Many a woman is nervous and irritable, feels dragged down and worn out, for no reason that she can think of. She may be ever so much in love, but Dr. Cupid fails to cure her. In ninety-nine per cent. of these cases it is the womanly organism which requires attention, the weak back, dizzy spells and black circles about the eyes, are only symptoms. Go to the source of the trouble and correct the irregularities, the drains on the womanly system and the other symptoms disappear. So sure of it is the World's Dispensary Medical Association, proprietors of Dr. Pierce's Favorite Prescription, that they offer a \$500 reward for women who cannot be cured of leucorrhea, female weakness, prolapsus, or falling of the womb. All they ask is a fair reasonable trial of their means of cure. Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath, they cleanse and regulate the stomach, liver and bowels and produce permanent benefit and do not react on the system. One is a gentle laxative.

"The Common Sense Medical Adviser" is sent free, paper-bound, for 21-cent stamps to pay expense of mailing only. Send 3 stamps for cloth-bound copy. Address, World's Dispensary, Buffalo, N.Y.
